

AV Ingeniería

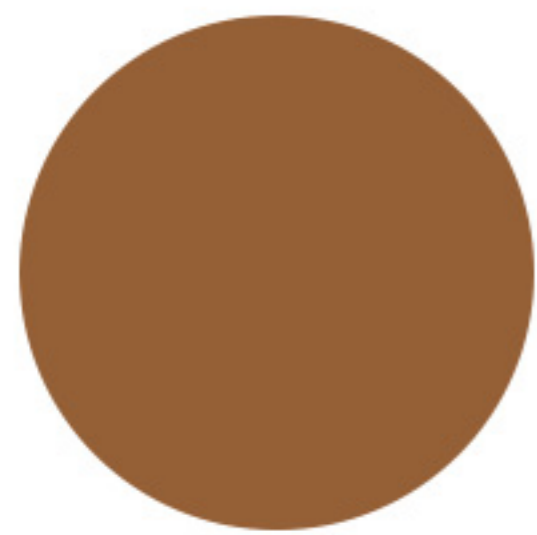

Soluciones para la construcción profesional

GUÍA DE COLORES AV INGENIERÍA

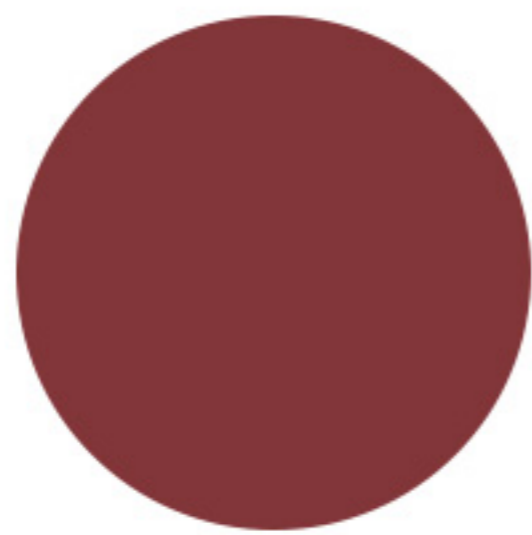

Los tonos presentados en este catálogo son de carácter puramente referencial. Se utilizan para ofrecer una guía visual aproximada de los colores disponibles de los siguientes productos: Toppingcolor, Darex 2000, Frisocolor, Graficolor, Stuccolor. Es fundamental tener en cuenta que los colores de los productos podrían presentar ligeras variaciones respecto a las muestras aquí ilustradas.

Como fabricantes directos de nuestros materiales, tenemos la capacidad para realizar la producción personalizada de color. Si requiere un tono específico (basado en un sistema de codificación de color estándar como Pantone, o una muestra física proporcionada), podemos evaluar y ejecutar la fabricación bajo pedido.
